\$2,300,000

4 Bedroom, 3.00 Bathroom, 2,167 sqft
Residential on 0.38 Acres

N/A, Wailuku, Hawaii

While this 4 bedroom home is warm and cozy and built like a tank, what really stands out is that Waihe?e River is right at your doorsteps. Taking a daily dip, doing yoga at waters edge, reading yourself to sleep to the gently flowing river or just chilling, it's there for you 24/7. OR, if company is your thing, everyone can hang out on your large deck that compliments the large pool, both with majestic views up Waihe?e Valley. This home was built in 2 phases. The mauka 3 bedroom 2 bath came first and then a spacious master suite area with a living room was added complete with fireplace and direct access to the pool deck. A 41 panel PV system was installed in 2012 to help keep the electrical cost down. The downstairs offers tons of options for personal hobbies or a work at home environment. What was a lockable office in the past can be used as an office again, a workshop or just storage. Plus there is still tons of available open storage space between or above the vehicle parking spaces.
